Anti-Ageing - Crodarom | Sederma | Croda Personal Care

Sederma is the inventor and innovators of Matrixyl®, the first mimetic peptide used for personal care applications. These world leading anti-ageing active ingredients replicate the natural skin matrikines to help regulate the repair sequence required to provide long term effects against skin ageing.

Sederma | The Matrixyl® Range | Croda Personal Care

Sederma's latest anti-aging ingredient, Feminage (INCI: Not Provided) is claimed to help "remodel" facial contours for more youthful-looking skin. A consumer study by Sederma identified skin sagging as one of the major signs of aging, which can be accentuated due to menopause. Feminage is an active ingredient dedicated to women experiencing loss of skin elasticity and firmness caused by glycation and oxidation events, and by oestrogenic decline.
