Culture And The Development Of

The locus classicus of studies of culture and development is Weber's The Protestant Ethic and the Spirit of Capitalism, first published in 1904. Weber argued that the Calvinist doctrine of predestination, rather than inducing quietism, led believers to seek to demonstrate their status as elect by engaging in commerce and worldly accumulation.

Indeed, culture is at the heart of competitive advantage, particularly when it comes to sustaining high performance. Yet, while business leaders recognize culture's crucial role, research indicates that fewer than 10% of companies succeed in building a winning culture. Notably, there is often a blind spot when it comes to culture development.

How culture influences children's development

For a variety of reasons, economists have avoided getting too closely involved with the concept of culture and its relationship to economic development. There is a general acceptance that culture must have a role in guiding a population along a particular path, but, as Landes (1998) points out, a discomfort with what can be construed as implied criticism of a particular culture has discouraged broader public discourse.

Does Culture Matter for Development? - World Bank Blogs

Consideration of culture effectively enables development when projects acknowledge and respond to the local context and the particularities of a place and community through the careful use of cultural resources, as well as emphasis on local knowledge, skills and materials.
