Scania 18.4L V8 XPI truckpulling engine first start-up ...

The R400 and DM400 series had the Scania engines if I recall. They were lighter trucks with medium duty Diesel engines in them. I forget the model number but the engine was not labeled as Scania in Mack literature but was called an ENDT-4 something? It was actually sold as a Mack engine but retained all of the Scania labeling.
